Re Michael FARLEY

Confidential

I am providing this report on the above named at his request for the knowledge and consideration of the boy scout organization. Mr Farley has been a rather well meaning but awkward and in a degenerate individual who has always sought the company of young boys for self building and some drinking with no unusual problems.

In a recent incident, he was picked up by police on a suspicion of homosexuality and used bad judgment in another related incident.

In view of his youth and desire to help him self I have advised him very strongly that he should receive psychiatric treatment on a long term basis, frequency to be determined by me and he is fully cooperative. Under these circumstances I would recommend that his job be protected.

This morning [redacted] came into the garage around 6:30 A.M. 12/20/72 with her nephew [redacted] mentioned he wanted to see the High School we go to where 60 buses go (Ramapo High School, Franklin Lakes.) That's the school I was assigned to drive for this morning. I offered to take him with me, so he could see the school. His aunt said it would be O.K. At about 7:00 A.M. we left the garage and I did the bus route and took him with me to the High School. At 7:33 A.M. we left Ramapo and went on the bus route for Indian Hills, Oakland. I finished that route at 7:55 A.M. and went to the Ramapo Wigwam Coffee Shop and had coffee. We left there at 8:30 A.M. to start a bus route on Woodside Avenue school for Franklin Lakes. We finished that route at 8:50 A.M.

We returned to the garage at 9:15 A.M.. We spent some time in the garage and met his aunt ([redacted]), Milton Road, Oak Ridge. We had coffee, and he, [redacted] played a couple games of checkers with a Joe Morgan.

I took [redacted] with me at around 10:00 A.M. to my place at Camp Savio to pick up some rock salt and a chess game. On the way up, he was sitting very quietly and I asked him what he was quiet about. He said, "Nothing much." To break the ice I said, have you got any girl friends? He said he did have one down in Florida and a couple his cousin was going to fit him up with. I asked him how he makes out with his girl friends. He said he had gotten a piece about 10 times. I then asked him, aren'tt you afraid you'll knock them up? He wasn't worried, but his brother had knocked up a couple. It was during this time that I opened my fly and exposed myself and told him if you are this big you have nothing to worry about. He said he was big enough. We drove up to Camp Savio and we went in. After we got in the house, I started to touch him to see if he would get excited. He was getting nervous and said he was getting sick. He asked me for a couple of aspirin and I gave him some. I felt his forehead to see if he had a temperature. He went into the bathroom and came back out. I told him to sit down and I would find this book (Sex and everything you wanted to know about sex). He said he wanted to go for a walk and asked if he could take the dog.

Voluntary statement of JOEL MICHAEL FARLEY continued

I told him he could, and he left the house with the dog and I followed behind with the leash. I put the leash on the dog and we walked up toward the center of the camp. I told him I was going into the cabin to get the chess set, and when I came back he was out of sight.

I went back down to the house and located the book and went back out to call for him, and the dog came back. I then went in my car looking for him.
